**READY - SET - GO**

Learning English in the fast lane

*westermann* GRUPPE

# Ready - Set - Go!

The vocabulary is expanded by a fast-paced hunt for letters, objects and words in exciting themed worlds. The new app for English-speakers of grades 3/4 and 5/6! Playful learning experience guaranteed!

# Gameplay

Tearing through exciting themed worlds, the racers are in hot pursuit of letters, words and objects. And all the while the crucial vocabulary for the first years at school will be sinking in.

What's more, as kids see their learning progress reflected in a high score, they'll be raring to learn like never before.

VocabiCar combines high-octane gameplay with effective vocab training for pupils aged 8 to 11. The kids drive toy cars through exciting themed worlds and, depending on the game mode, collect letters, words or objects. A breakneck chase for *animal* vocab takes place on a farm, the hunt is on for *food* in the kitchen, and for *clothes* in the bedroom.

**The new apps  
for English learners**  
in years 3/4 (age 8-9)  
and years 5/6 (age 10-11)
